

Dear _____(or To whom this may concern),

I am writing to express my keen interest in applying for an internship at _____. I am a second year interface design student in the New Media Arts Program at Kapi'olani Community College, and I am seeking internship opportunities to expand my experiences. I am passionate and dedicated about graphic design and I am looking forward to gaining practical experience in a professional setting.

My education at KCC was the foundation for my passion which afforded me remarkable knowledge and skills that are essential for graphic design works. I gained basic skills of Graphic Design, UX/UI Design, Typography, Video Editing in various school projects. Once I collaborated with a client to create logo design for a new product, I enjoyed adapting client needs and exploring solutions. This opportunity confirmed my belief that design has the ability to evoke emotions, tell stories, and create meaningful connections.

I strive to be flexible, adaptable, and eager to learn from any opportunities. I would love to share my creativity and fresh perspective to your creative team. I am enthusiastic about the idea of learning more in this industry and working hand in hand with creative professionals in producing new ideas and concepts.

I would welcome the chance to discuss how my skills and experiences align with your team's goals. Working at _____ would be an honor and a fantastic step in my journey as a designer if provided the opportunity with your team. I have enclosed my resume for you to peruse and consider and please feel free to visit my portfolio to see visual examples of my works.

Thank you for your time and consideration! I look forward to the possibility of contributing to your team.

Sincerely,
Maya Hashem
